Re: *In re Anthem, Inc. Data Breach Litigation*

Dear [Name]

You are receiving this letter because you previously submitted a request to exclude yourself from the Settlement Class in *In re Anthem, Inc. Data Breach Litigation*.

The District Court overseeing the *In re Anthem, Inc. Data Breach Litigation* has requested that this letter be sent to inform you about certain modifications to the Settlement Agreement that have been made since the time you excluded yourself from the Settlement Class and to tell you that you can rejoin the Settlement Class and file a claim for Credit Monitoring Services or Alternative Compensation and Out-of-Pocket Costs if you would like to do so.

You are under no obligation to change your decision to exclude yourself from the Settlement Class, and you do not need to do anything if you do not want to change that decision. However, if you wish to rejoin the Settlement Class and file a claim for Credit Monitoring Services or Alternative Compensation, the deadline for doing so is [date].

The original Settlement Agreement provided that the Settlement Fund would be used to provide Settlement Class Members who submitted claims with up to four years of Credit Monitoring Services or Alternative Compensation of up to \$50 for Settlement Class Members who already had credit monitoring services. It also provided that each Settlement Class Member who submitted a valid claim could be reimbursed for up to \$10,000 of their Out-of-Pocket Costs, but that the total paid for Out-of-Pocket Costs would not exceed \$15 million. Any money remaining in the Settlement Fund after providing these benefits (and after paying for notice and administration costs and Plaintiffs' counsel's attorneys fees and costs) would have been donated to two non-profit organizations.

The Settlement Agreement has now been modified so that any money remaining in the Settlement Fund after four years of Credit Monitoring has been provided and all of the other claims, costs and fees described above have been paid will be used as follows:

(i) first, if the total value of valid claims for Out-of-Pocket Costs exceeds \$15 million, the remaining money will be used to pay such claims;

(ii) next, if there is money left after all of the valid claims for Out-of-Pocket Costs have been paid, that money will be used to extend Credit Monitoring Services (for Settlement Class Members who filed valid claims for Credit Monitoring Services) and Fraud Resolution Services for all Settlement Class Members beyond the four year maximum contemplated by the original Settlement Agreement in one month increments;

(iii) finally, any remaining money that is not sufficient to extend Credit Services for at least one additional full month will be donated to the two non-profit organizations named in the original Settlement Agreement.

The above is only a summary of the changes to the Settlement Agreement. The specific language of the Settlement amendment, and information about the Settlement in general, may be found at the Settlement website, www.databreach-settlement.com, or by calling the Settlement Administrator at xxx-xxx-xxxx or Class Counsel at xxx-xxx-xxxx.

Whether you want to participate in the Settlement is for you to decide. If you decide to rejoin the Settlement Class, you will be releasing all of your legal claims against Defendants and any other person or entity (with certain limited exceptions) relating to the Anthem Data Breach, and you will not be able to bring a lawsuit relating to the Data Breach. More details about the release are set forth in Sections 1.32, 1.44, and 13.1-13.3 of the Settlement, available on the Settlement website, www.databreach-settlement.com.

If you want to rejoin the Settlement Class and file a claim for Credit Services or Alternative Compensation you may do so by filling out and returning the enclosed form postmarked no later than **[date]** to:
